9. Liquidity information disclosures

Governance of liquidity risk management

Sumitomo Mitsui Banking Corporation ("the Bank"), Hong Kong Branch ("the Branch") adopts the Bank's Global Policy for Fund Liquidity Risk Management ("the Global Policy") formulated and set by the Corporate Risk Management Department (Head Office, Tokyo) to ensure the maintenance of satisfactory liquidity to meet its obligations when they fall due. The Global Policy provides the Branch with the directions to implement an effective process to manage money gap, liquidity contingency plan and supplementary liquidity.

In addition to the Global Policy, Statement of Liquidity Management Policy and Procedures for Monitoring Liquidity Maintenance Ratio have also been formulated and documented locally to identify, measure, monitor, report and manage liquidity risks and related liquidity and funding requirements under both normal and stressed conditions.

The liquidity and funding requirements are managed in a manner such that all local statutory requirements, internal limits and guidelines are properly monitored and controlled at an appropriate interval.

Structure and responsibilities for liquidity risk management

The Branch manages liquidity risks in an integrated manner. The information relating to the liquidity risk management is reported in monthly ALM Committee meeting. The local policies are reviewed and approved by the senior management and ALM Committee on an annual basis to address any changes in a statutory or reporting requirements where appropriate.

The internal limits and guidelines are also subject to review on a regular basis and in a timely manner to cope with any changes in market conditions where necessary. Internal Audit Department conducts periodical independent reviews on the Branch's liquidity management framework to ensure the adequacy and effectiveness of all liquidity risk functions.

Liquidity risk monitoring

Liquidity risk management monitoring forms an integral part of the liquidity framework. By detecting emerging liquidity risk at an early stage, the Branch is able to withstand both normal and stressed conditions especially in times of limited funding assess. Different measurements and indicators such as the calculation of Liquidity Maintenance Ratio, Core Funding Ratio, Maturity Profile and Cash Flow Analysis are adopted in the risk management monitoring mechanism.

Funding strategy

The maintenance of satisfactory liquidity is one of the most important policies. The Branch aims to maintain diversified and stable funding sources with an appropriate mix of liabilities including borrowing in the inter-bank market, customer deposits, issuance of negotiable certificates of deposits and inter-groups funding. Appropriate amount of high quality liquid assets are held in order to obtain funding from Repo market or through liquidation in stress events.

Besides, contingency funding plans is developed in preparation for the situation in which the liquidity risk materializes for the Branch as a whole due to various internal and external factors.

9. Liquidity information disclosures (continued)

Stress testing

Liquidity stress testing on all currencies basis as well as each significant currency basis is regularly conducted to project the Branch's cash flow under stress scenarios by applying a set of prescribed stress assumptions to the cash flow position. The Branch seeks to manage the sufficiency of liquidity cushion by reviewing stress test results to ensure projected cash outflows under various stress assumptions are properly covered.

Liquidity maintenance ratio ("LMR")		
	Quarter ended	Year ended
	31-Mar-2019	31-Mar-2018
The average liquidity maintenance ratio for the period	47.61%	32.88%
Comp from district (HCFPH)		
Core funding ratio ("CFR")		
	31-Mar-2019	31-Mar-2018
The average core funding ratio for quarter ended	92.44%	84.08%

The average liquidity maintenance ratio and the average core funding ratio are calculated based on the arithmetic mean of each month's corresponding average with reporting period made in accordance with the requirements specified under Banking (Disclosure) Rules.
